

FISCAL NOTE

SB 2148 - HB 2146

January 28, 2000

SUMMARY OF BILL: Clarifies that the \$50 fee, for the Tennessee Bureau of Investigation's expunged criminal offender and pretrial diversion database, charged to those petitioning a court for expungement of records because the charge against them was dismissed, applies only to those whose charge was dismissed as a result of completion of a diversion program.

ESTIMATED FISCAL IMPACT:

Decrease State Revenues - Not Significant

Assumes the Tennessee Bureau of Investigation will experience a decrease in revenues for their expunged criminal offender and pretrial diversion database from the loss of fees currently being assessed on individuals who have had criminal charges expunged for issues other than completion of a diversion program. Such a decrease is estimated to be not significant.
